Weirdo 17 Reprint:

Jacob Böhme in Three Worlds Lucinda Martin, Cecilia Muratori, 2023-12-18 Jacob Böhme 1575-1624 has been recognized as one of the internationally most influential German authors of the Early Modern period. Even today his writings continue to impact fields as diverse as literature, philosophy, religion, and art. Yet Böhme and his reception remain understudied. As a lay author, his works were often suppressed and circulated underground. Borrowing Böhme's idea of three worlds or planes of existence, this volume traces the transmission of his thought through three stations: from his first underground readers in Central and Eastern Europe to the Netherlands where most of his writings were first published; to Britain where early translations made him a popular author for generations to come. Drawing on the work of both established and younger researchers from around the world, this volume charts new territory. It fills many lacunae and reveals a number of exciting discoveries, especially regarding the production and diffusion of manuscripts and previously overlooked sites of engagement. This book will be of interest to a wide range of scholars interested in the development of philosophical, religious, literary, and artistic thought from the 17th century to the present day.

R. Crumb David Stephen Calonne, 2021-02-01 Robert Crumb b. 1943 read widely and deeply a long roster of authors including Robert Louis Stevenson, Charles Dickens, J.D. Salinger, Jack Kerouac, William S. Burroughs, and Allen Ginsberg, as well as religious classics including biblical, Buddhist, Hindu, and Gnostic texts. Crumb's genius, according to author David Stephen Calonne, lies in his ability to absorb a variety of literary, artistic, and spiritual traditions and incorporate them within an original American mode of discourse that seeks to reveal his personal search for the meaning of life. *R. Crumb: Literature, Autobiography, and the Quest for Self* contains six chapters that chart Crumb's intellectual trajectory and explore the recurring philosophical themes that permeate his depictions of literary and biographical works and the ways he responds to them through innovative, dazzling compositional techniques. Calonne explores the ways Crumb develops concepts of solitude, despair, desire, and conflict as aspects of the quest for self in his engagement with the book of Genesis and works by Franz Kafka, Jean-Paul Sartre, the Beats, Charles Bukowski, and Philip K. Dick, as well as Crumb's illustrations of biographies of musicians Jelly Roll Morton and Charley Patton. Calonne demonstrates how Crumb's love for literature led him to attempt an extremely faithful rendering of the texts he admired while, at the same time, highlighting for his readers the particular hidden philosophical meanings he found most significant in his own autobiographical quest for identity and his authentic self.
